MEMORANDUM FOR: CHAIRMAN, TASK FORCE

SUBJECT: [REDACTED] Procurement

REFERENCE: Your memo of 7 December 1951, above subject.

1. Notwithstanding adverse subordinate recommendation, I am returning the reference memorandum with this concurrence on behalf of OPC.

2. In so doing, I wish to comment that this draft might be stronger if it contained some indication of the standards or conditions which might cause disapproval of procurement actions taken under this authority. From close scrutiny of the draft, it seems to me that the major limitation is that this authority may not be used for procurement of items required to support administrative operations. Unless you have objection in relating this Memorandum of Understanding through-out OPC, we will add a codicil especially emphasizing this consideration.
